Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Wednesday 12 May 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Becoming dry and mostly clear overnight. Showers Thursday.

This Evening and Tonight:
Any remaining showers dying out during the evening, then becoming largely clear and chilly overnight. Perhaps slightly milder along coastal areas, with the possibility of some low cloud here later in the night. Minimum temperature 2 deg C (36 deg F).

Thursday:
Low cloud spreading along most coastal areas during the morning. Elsewhere a sunny start with showers developing, perhaps heavy. Showers dying out during the evening, with low cloud moving inland. Maximum temperature 15 deg C (59 deg F).

Outlook for Friday to Sunday:
Cloudy with isolated showers Friday, cloud slowly burning back to the coast. Heavy showers with a risk of thunder on Saturday and Sunday, although with some sunny spells. Cool throughout.
